OBJECTIVE

Efficient and Solution-focused Full Stack Web Developer with 4+ years of practical experience in designing, developing, and delivering user-centric applications utilizing a range of technologies and programming languages. Looking forward to leverage broad industry experience and hands-on technical expertise in more challenging roles.

PROFESSIONAL EXPERIENCE (63 Months)

Organisation	From (Date)	To (Date)
TATA Consultancy Services	Feb 04, 2019	Aug 05, 2022
CloudMellow Technologies Ltd	May 15, 2017	Jan 30, 2019

DESIGNATIONS

TATA Consultancy Services, Systems Engineer (Feb 04, 2019 – Aug 05, 2022)

- Developed dynamic web applications based on ever-changing customer requirements.
- Architected and blueprinted the software solution after feasibility analysis; designed the flows and developed the solutions.
- Implemented agile management ideals by facilitating exercises such as sprint planning and team leading stand-ups.
- Developed clean, maintainable, and efficient code with less impact on the existing code by following the best practices.
- Took up end to end ownership for the production movement and acted as a point of contact for all the issues in production environment.
- Upgraded the whole JQuery library in the application to improve the efficiency of the web pages.

CloudMellow Technologies Ltd, Web Developer (May 15, 2017 – Jan 30, 2019)

- Designed and developed front-end for more than 20 websites.
- Translated design team's UX wireframes and mock-ups into interactive features using HTML, CSS, and JS by making them accessible over various devices ranging from mobiles to computers.
- Created HTML email templates that improved email CTR rates by ~25%.
- Using a responsive and mobile-first approach, standardised all the User Interface modules of websites.
- Identified and integrated SEO friendly principles to increase organic traffic for the websites.
- Analysed and evaluated the customer requirement and mapped the appropriate tools.

SPECIAL ACHIEVEMENTS

- Awarded the title "Great Job" by Chief General Manager of CloudMellow, 2017.

SKILLS

- J2EE design patterns to create web applications.
- Experienced in configuring and developing web applications with Java Spring MVC framework and Hibernate
- Proficient in HTML5, CSS 3, JS, AJAX and Bootstrap.
- Adept in responsive, mobile-first development.
- Hands on Experience in SQL(My-SQL).
- Good working knowledge on hosting web applications.
- Moderate knowledge on Angular JS.
- Worked on AI based Automation.
- Experienced in Quality Control Measures.
- Hands-on experience in using Eclipse IDE and Microsoft Office applications.
